

**Ms Lauren JANKELOWITZ**

Lauren is an MBA graduate. She works for Reproductive Health & HIV Research Unit (RHRU) as a Community Engagement Technical Advisor. In addition, she consults as training material designer and trainer. She is also advisor to a group of community based organizations.

Her work involves equipping and supporting organizations in city areas to meet the needs of HIV/AIDS infected and affected people. Her responsibilities include provision of strategic direction, capacitating and development of these organizations.

Training is Lauren's main competency. She also wrote a thesis on accountability in non-profit organizations. These credentials make her role valuable to the STFTAP.
