

**Ms Daphne K. Kentse**

Daphne has a degree in Social Work and is pursuing studies towards a Masters in Social Work. She works for BOCAIP as Programs Manager. She is responsible for the organization's program activities and networking efforts. Daphne interacts with stakeholders at all levels, from central government, local authority structures to communities.

She also has good supervisory and management skills. She has published a paper titled, "The Achievements and Challenges of the Implementation of the Home Based Care Programme – An experience of the South East district".

The STFTAP will be enriched by Daphne's implementation strategies on the variety of programmes she has worked on which includes HIV/AIDS programmes and OVC programmes.
