

Mrs Irene Mpho Kwape

Irene has a Masters in Education, certificates in various aspects of Education and one in HIV/AIDS Voluntary Counselling and Testing as well as Community Mobilisation. She is acting National Coordinator and Training and Development Manager (Counsellor Trainer) at BOCAIP.

Training is her specialty. Her responsibilities range from assessment, design and adaptation of curricula and materials to programme scheduling and implementation.

Irene's publications have all been on the subject of Education - a Masters dissertation on the relationship between science performance among high school learners and parents' socio-economic factors, re-integration of girls into the school system following childbirth and life skills.

She is a member of educational associations.

Irene will add value to the STFTAP on training.
