

Ms Nokuthula Mnisi

Nokuthula is a nurse by profession. She has a Diploma in General Nursing Sciences and a certificate in Midwifery Sciences, currently doing her dissertation towards her MPH. She works for the Baylor Children's Clinical Centre of Excellence as a TB focal person and recently started doing PMTCT which includes all the four prongs.

Her main responsibility is to provide nursing care for all TB and PMTCT patients. Nokuthula sees her role on the STFTAP in the education and empowerment of the lay community and mentoring clinical nurses on TB management and PMTCT in resource limited settings.
