

Dr Pearl NTSEKHE

Dr Pearl is a Medical Doctor and Director at Senkatana ART Centre. In her role at Senkatana, she participates on policy and planning issues at governmental level, with the National Aids Commission and the UN Theme Group on HIV/AIDS.

Dr Pearl has a long experience of over 20 years in Primary Health Care Management and is strong in project and program management and reviews. Her other capabilities lie in training of Primary Health Care providers on STI/HIV/AIDS and TB. In collaboration with other researchers in the ministry, she has published studies on Sexually Transmitted Diseases, HIV/AIDS, TB, Hypertension and Diabetes.

She is a member of the Lesotho Medical Association and Lesotho Learning and Sharing Forum on HIV/AIDS.

Dr Pearl will participate effectively on the STFTAP in government and community relations.
