

Mrs. Mamorapeli PUTSOANE

Mrs. Mamorapeli is a professional nurse (General Nursing and Midwifery). She is employed by Senkatana Centre as an Operational Research nurse which involves completion of Case Reports forms, electronic data capturing of clinical statistics and monitoring and evaluation at clinical level.

She is also part of the National M&E Strategic planning review team for 2008. Other roles include training and Preventive measures in HIV and coordinated activities for the HIV/AIDS Summit in Lesotho.

She has been involved as a collaborator in the publication of a study on “ The Establishment of an Occupational Health Clinic in a Rural Area”. Other capabilities include providing antenatal, prenatal and postnatal care. She is a member of the Lesotho Learning and Sharing Forum.

Her participation on the STFTAP will add value in training.
